

An affirmation is a great way to invoke positive thoughts in your mind. Here are some examples: I am happy and grateful now that I... "Am the creator of my world," "love me!", "am non-judgemental to myself and others," "let go of all the lies I tell myself." Write down your affirmations in the words of it happening right at this moment.

Make many copies; carry one with you and place others around your home, so you have constant reminders of your new way of thinking. Believe it and you will receive it 😊
